

Raising Expectations

Red Rooster Lifting now a Street Crane distributor in Scotland

Red Rooster Lifting has agreed with **Street Crane Company Ltd** to enter into a strategic agreement, being appointed as a distributor in Scotland for their range of wire rope hoists and crane systems.

Red Rooster has a clear vision to look after every single client's lifting and load measuring requirements by delivering high levels of quality, service safety and integrity. The addition of the Street Crane Company Ltd crane systems to our product range will expand the range of high-quality lifting solutions available from Red Rooster Lifting.

Scottish firm, Red Rooster Lifting is delighted to announce that they have entered into a strategic agreement with Street Crane Company Ltd, being appointed as a distributor in Scotland for their range of wire rope hoists and crane systems.

The new agreement will allow Street Crane to increase their brand awareness within the UK market and will expand the range of high-quality lifting solutions available from Red Rooster Lifting. Street Crane is a manufacturer of overhead cranes & hoists up to 250 tonnes with over 75 years experience.

Red Rooster Lifting have been supplying global industry with high quality lifting equipment solutions for over 30 years. Paul Shewan, Production Director at Red Rooster Lifting, says...

"We are excited to add the Street Crane brand to our lifting solution range. This will enable the company to provide our customers not only with another outstanding quality product, but by growing our versatile lifting solutions we can deliver a more comprehensive customer service."

With this agreement in place, it will allow us to service and maintain Street overhead cranes and be able to source parts direct from the manufacturer, along with the technical back up from Street Crane Company Ltd.

Red Rooster Lifting, your No. 1 choice for safer and smarter lifting.

For any up and coming projects where there is a requirement for high quality overhead crane systems please get in touch with our sales team at sales@redroosterlifting.com or call Aberdeen 01651 872101.

ABOUT STREET CRANE

Street Crane is a family-owned business that has enjoyed huge success and expansion growing from one-man building cranes in Sheffield to a global brand.

Throughout our 75 years of designing and building cranes and electric hoists, Street has built a firm reputation for quality, reliability and up to date crane technology.

We are continually striving to set ourselves higher and higher performance targets that will bring technical and commercial advantages to all our distributors and crane users.

We aim to provide all of our UK and International customers with lifting equipment and solutions that surpass all of their expectations in safety, performance and reliability.

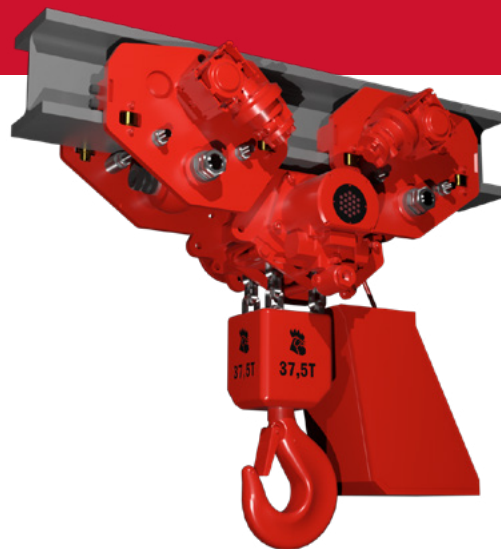

ENJOY THE FUTURE WITH STREET.

ABOUT RED ROOSTER LIFTING

Red Rooster Lifting specialise in the supply, rental and servicing of **the best** powered lifting and load measuring **solutions** in the world

We are continually improving our designs and quality systems to ensure the products and services we supply are of the highest quality. We are investing in technology to streamline production and importantly we are investing in our people to promote awareness, responsibility and exceptional customer service.

You'll see our distinctive Red Rooster logo on lifting equipment and load links offshore, on assembly lines, in power plants, refineries, and shipyards across the world.

We are nothing without our people who are all equipped with the product knowledge and expert support to quickly confirm suitability, availability and pricing for all of your lifting requirements.

With our vast experience we can offer technical backup, advice on installation and assistance with breakdowns or a full repair and testing service from our rapid response maintenance facility.

Our product range covers Red Rooster air hoists, Street Crane systems, EMCE winches, KITO manual & electric hoists, KITO Van Leusden specialised equipment, KITO Erikkila light crane systems, Verton load management systems, Gebuwin Winches and Red Rooster load measuring equipment.

We have been involved in many global lifting projects over the last 30 years including the substantial Claire Ridge and Culzean offshore installations along with two very different challenges for us, the new Queensferry Crossing in Scotland and St Paul's Cathedral bell restoration in London.
